Dear Parents,

We are pleased to provide you with the 2026-2027 application for The Center for the Development of Children. (CDC).

CDC offers a long history of over 35 years in early childhood education.

The CDC has been an award winning preschool in the local community of Dover for over 35 years, serving families of Dover and all surrounding towns. We support children ages 2 - 5 years of age, which allows us to support the growth of your child and their siblings.

Many of our teachers have been in our program for over 30 years, and the curriculum is based on the Massachusetts Preschool Frameworks, meeting all curriculum areas such as social studies, language arts, math and science.

The CDC prides itself on the longevity and dedication of our staff, the flexibility of our schedule choices, as well as, the quality of our early childhood education.

We appreciate that you have a choice in your children's education and care and thank you for choosing CDC.

The CDC is a private, not-for-profit preschool, intentionally re-structured in this manner 15 years ago, so all profits can be re-invested into our program for the benefit of students and teachers alike. We are supported by a volunteer Board of Directors, who assist with the business planning and management of the school.

Tuition rates for the 2026-2027 school year core hours are as follows:

Please note we have a 2-day minimum commitment for 2 year olds and a 3 day minimum commitment requirement for 3 year olds.

For our core hours, we have staggered drop off (8:20,8:30,8:40) and pick up (12:20,12:30,12:40) times by last name.

	<u>Under 3 years old as of Sept 1</u>	<u>3 and Older as of Sept 1</u>

	18.00 per hour	\$16.50 per hour

3 Days	\$810/month	\$742/month

To help our families, we do offer the flexibility of additional hours/days to your schedule to help you with your planning needs. These can be added daily, on an "as needed basis" on a first-come, first-served basis and must be approved by the director. It will be charged at the hourly rate and will be invoiced to you each time it is used.
